The following information was released in response to a Freedom of Information request:

RE: Application to Access a Record

Please note that on May 2, 2023 I received your request pursuant to Part XX of the Municipal Government Act for access to the following information:

I have a few questions, and I'm not sure how it should be addressed.

The Municipal councillors get money to hand out for projects in their districts each year.

I seem to recall that I was told it was \$10,000 each council annually; but I'm not sure.

Can the council inform me of the correct amounts?

Is there no requirement that it be spent in each year of allotment?

If it's not spent, how long can it accumulate?

Is it possible that any council member may hold funds until she/he chooses to use?

What are the rules and guidelines pertaining to funds if they are to be with held?

Can I get all records of any funds being held or used for each district and amounts issued for each district starting from the date of January 1st 2020 to May 1st 2023?

I would like to have records of expenditures on community projects since January 1^{st} , 2020 to May 1^{st} 2023 in all Districts.

I would like to know how much each councillors has available for community projects in each district as of May 1^{st} , 2023.

What rules and policy govern the spending of district monies? How can I get a copy of the rules/policies?

The information that you have requested has been supplied as follows:

- The annual amount budgeted for Special District Grants has been \$10,000 per district for many years.
- The municipality's policy regarding Special District Grants is posted on the municipal website (https://antigonishcounty.ca/municipal-policies-2/), and I have included a copy for your reference.
- This policy outlines the guidelines for the distribution of these grant funds by municipal councillors
- This policy notes that grant funding may be carried forward to future years.
- There is no limitation noted in the policy at this time regarding how long a council member may hold an amount in their Special District Grant fund.
- The distribution of these funds is at the discretion of the district councillor in accordance with the guidelines in the policy.

To address your three questions regarding records of fund held or used for each district, amounts issued for each district, and records on expenditures on community projects using funds from these grants between January 1, 2020 and May 1, 2023, as well as the balances of these grants as of May 1, 2023, please find enclosed summaries prepared by Finance staff for the fiscal years covering the scope of your request (F2019-20 through F23/24). The grant allocation for the F23/24 year will not be entered into the table until the budget for that fiscal year has been approved by Municipal Council.

Sincerely,

Glenn Horne

POLICY NUMBER: 34

DATE APPROVED: November 19, 2013 (#2013-147)
DATE REVISED: November 20, 2018 (#2018-163)

TITLE:

This Policy may be cited as the "Council Special District Grant Policy" of the Municipality of the County of Antigonish.
