Call to Order- Warden MacInnis

Warden MacInnis called the meeting to order at 5:34pm.

Approval of Agenda

Warden MacInnis called for approval of the Committee of the Whole meeting agenda.

Moved and Seconded

That the agenda be approved as presented.

Motion Carried

Consideration of the September 22, 2026 Committee of the Whole Minutes

Warden MacInnis called for any errors or omissions in the minutes of September 22, 2026. Hearing none, the minutes were accepted as presented.

Business Arising from the Minutes

There was no business arising from the minutes.

Delegations

Kyle Musial, CPA CA, MNP

Mr. Musial provided the committee with a high-level review of the results of the financial statements, noting that he had met with the Audit Committee earlier in the afternoon. He spoke to the overall financial position of the municipality, looking at cashflows, net financial assets, the debt load of the municipality, and surpluses resulting from the investment of the reserves. A question was asked about an investment balance being the same between 2025 and 2026, and Mr. Musial noted that it was due to the choice not to adjust the figure to market value.

Mr. Musial then reviewed the draft water statements for the committee. He reviewed how the operating fund for the utility ended with a deficit, which has been seen in other utilities as costs increase. However, with revenue being set by the water rate study approved by the NSUARB, revenue cannot be adjusted until a new study has been done. Mrs. Donovan noted that the municipality has been in the queue for a water rate study for about a year. Warden MacInnis asked if there was staff capacity to undertake the study, and Mrs. Donovan noted that there was not the expertise on staff to do that review. Mr. Musial noted that there is a small surplus in the utility that can buffer the deficit until the rate study is done.

Mr. Musial thanked management and the staff team, as well as the Audit Committee and Council, for their time and help with undertaking the audit.

Continuing Business

There was no continuing business.

New Business

Accessibility Fund

Ms. Feltmate provided members of the committee with an update on the Accessibility Fund that was approved as part of the 2026/2027 budget. She spoke to the two projects that were looked at by Councillor Gary Mattie, as Chair of the Accessibility Committee, the Warden and herself, to make access improvements to two buildings in the community.

Ms. Feltmate asked if the committee was interested in looking at a project model similar to what was used for the Net-Zero green energy project that just finished, to help smaller organizations access funding for accessibility updates. Councillor Mattie added that, by working with several organizations together, the municipality could help more spaces meet accessibility targets. Ms. Feltmate noted that with the

committee's direction, staff could put together a formal proposal in December in advance of the January opening date for the fund. The committee gave their direction to staff to prepare this proposal for their consideration.

Moved and Seconded

The Committee recommends that Municipal Council awards the 2026/2027 Municipal Accessibility Fund year one, as recommended by the Accessibility Committee, to provide $15,000 to the Antigonish Royal Canadian Legion Branch 59 and $15,000 to SASHA, to enhance and increase accessibility at their entrances and access points to their buildings.

Motion Carried.

Tender Award – Supply and Installation of Sanitary Sewer Liner

Mrs. Donovan provided a brief background on the project and noted that staff is recommending awarding the tender to Eastern Trenchless. A question was asked about why there was such a big difference between the two bids that were received, and Mr. MacIssac provided his input, noting that Eastern Trenchless has done a lot of work with the Town. Clarification of the location of the expected work, being up near the golf course, was discussed.

Moved and Seconded

The Committee recommends that Municipal Council award the tender for the Supply and Installation of Sanitary Sewer Liner to Eastern Trenchless for a cost of $65,720.20 + HST.

Motion Carried.

Staff Reports

This item was deferred to the October 28th meeting.

Community Events

Councillor Mattie also attended to 90th birthday celebrations for residents in his district

Kwe' Community Sponsor/Partner,

On behalf of Paqtnkek Mi'kmaw Nation, we are honoured to share that our community's Traditional Powwow/Mawi'omi will take place November 21-22, 2026. Held on our ancestral grounds, this annual gathering brings together community members, families, Elders, youth, dancers, singers, and visitors to celebrate Mi'kmaw language, culture, traditions, and community. NEN Detachment Report

ANTIGONISH
September 2026

DISTRICT COMMANDER'S MESSAGE

September was another busy month for the Antigonish RCMP, with members responding to 696 calls for service across the Town and County. This number is up from 527 in September of 2025. In addition to managing these calls, members have been active with the focused patrols and remaining visible. September brought the familiar return of students to Antigonish, adding to our workload while also bringing renewed energy to the community—and we are very happy to see their faces back in town. The month included several significant investigations, most notably the theft of an EHS ambulance, which took members across the county and into the New Glasgow area before reaching a very positive outcome. On the lighter side, members had a great time connecting with the community at the Eastern Nova Scotia Exhibition and are now looking forward to patrolling local high school football games, where the excitement is already building. With students back, community events underway and football season in full swing, we are looking forward to a safe and enjoyable fall in Antigonish.

OUR PEOPLE

Local members participated in a learning and development meeting with Provincial Crown. Collaboration and information sharing ensure that the enforcement being completed by local members meets the bar for appropriate prosecution.

PRIORITIES

Road safety was on the top of the list this month, in conjunction with NEN Traffic Services a total of 8 check stops were completed, over 80 vehicle stops were done and numerous patrols in school zones keeps the motoring public and returning students safe!

EVENTS

Events included the Fall Fair, Neighborhood student visits, Community hot meal, and the National Truth and Reconciliation Day events in Paq'tnkek.

This month we logged an additional 157 patrols during night shift!

We also completed 39 conditions checks on known offenders
